

Crash Out

Let's crash
out on the floor, I just can't stand up anymore
Let's crash
out on the floor, I just can't stand up anymore
My skin's
tight and flakin'
My hard
hammer's breakin'
My head's f*ckin'
achin'
(I can't
stand up no more!)

Let's crash
out on the moon, let's just crash while space flowers bloom
Let's crash
out on the moon, let's just crash while space flowers bloom
Into flowers
that glow
With a
cosmic rainbow
As the space
winds blow
(Space flowers
bloom no more!)

Let's crash
out on your bed, while you try to hold together my head
Let's crash
out on your bed, while you try to hold together my head
Today I'm
alive
Tomorrow
I'll be dead
All I see is
red
Never going
to drink again!

Let's crash
out on the floor, I just can't stand up anymore
My skin's
tight and flakin'
My hard
hammer's breakin'
My head's f*ckin'
achin'
I can't
stand up no more!
(Just gotta
crash out now!!!)
